Dear colleague,

The Ethics Committee of our Research Institute hold its last meeting on Friday December 14. It examined your research proposal "*CorpAGEst : Approche sur corpus multimodal de la compétence pragmatique des personnes âgées*". It stated that the procedure of the presented project conforms to all the ethical principles of research involving human participants and it gave its formal approval to the conduct of the study.

We wish you successful outcomes.
Yours sincerely,

President of the ethics commission
